## IN THIS ISSUE

In honor of the October observance of National Disability Employment Awareness Month, the Committee for Purchase From People Who Are Blind or Severely Disabled, together with the National Industries for the Blind (NIB), and NISH, (a nonprofit supporting people with severe disabilities) would like to thank the General Services Administration (GSA) for its continued support of the Javits-Wagner-O'Day (JWOD) Program. The JWOD Program generates employment opportunities for over 42,000 individuals who are blind or have other severe disabilities through Federal Government purchases of specific products and services.

GSA has always been a true partner of the JWOD Program, ensuring the provision of quality products and services to our Federal customers. In fact, GSA's Global Supply program remains the largest channel for the sale of SKILCRAFT(r) and other JWOD products. And, many of these same products are also available to Federal customers from a variety of large and small businesses through the GSA Schedules program.

We would also like to thank you, the Federal customer, for purchasing SKILCRAFT(r) and other JWOD products and services. Through your purchasing decisions, you help people who are blind or have other severe disabilities make a valuable contribution to our society and lead more independent lives.

We hope that you will take advantage of October's National Disability Employment Awareness Month observance to recognize the many achievements and benefits of the JWOD Program. We ask that you help us to spread the word throughout the Federal Government that JWOD Works for America.

Sincerely,

Leon A. Wilson, Jr.

Executive Director

The Committee for Purchase From People  
Who Are Blind or Severely Disabled
